### **Introduction**

I welcome you for our third webinar for this year '**Regenerating The Economy: A Business Webinar on the New Malta Enterprise Schemes**'. We have passed and are now passing through a period of great turmoil.

What perhaps has changed is that we are now adapting faster to changing situations. During this period of turmoil the Government's input was essential. According to my opinion the COVID-19 pandemic was a game changer, in terms of upping the dialogue between the Government and key stakeholders.

To this end I would like to thank the Minister for Energy, Enterprise and Sustainable Development Hon Miriam Dalli for roping us in. As special thank to Steve Ellul with whom we had discussions, and through whom we put forward our proposals.

In this webinar we are holding today however we are seeing a new generation of schemes. As I said before the COVID-19 pandemic has brought us to rethink the way we work. Many of the schemes we are targeting today are directed towards this end.

Special thanks goes to our speakers and panelists: Mark Scicluna Bartoli (Executive Product Management & Development), and Kurt Farrugia (CEO of Malta Enterprise). I would like to thank them in advance for their contribution.

All of those who are participating on our online platform please feel free to post your comments and questions which will be answered by our panelists during the dedicated Question & Answer session.

To this end we hope that you will find this webinar useful. I now kindly invite the Minister for Energy, Enterprise and Sustainable Development Hon Miriam Dalli to make her introductory remarks.

### **Closure of Webinar**

We now come to the end of our webinar. I would like to thank you all for accepting our invitation to join us today. I sincerely hope that this webinar has been fruitful to all those who have participated.

I would like to thank once again Joseph Borg, Mark Scicluna Bartoli and Kurt Farrugia. A special note of thanks also goes to Richard Grech, who was the technical

coordinator. Thanks Richard! Today we have inaugurated the new equipment which will help us facilitate further our work in terms of set-up for such events. This was possible through the Ministry for Gozo NGO Assistance Scheme, a funding programme for Voluntary Organisations on the Island of Gozo.

Finally I would like to invite you to continue following us, on our webpage and facebook page. Thanks once again for joining us today.
