<i>Chief Executive Officer of the Gozo Regional Development Authority.</i> |

The Gozo Regional Development Authority will be presenting a discussion paper on manufacturing in Gozo. The document highlights the challenges, strengths, and opportunities that exist within this sector. The contents of this discussion paper are presented to foster a wider discussion on this topic and to help formulate research-based policy recommendations. The study was carried out by Mr Ivan Ebejer, economist, consultant and foresight strategist, assisted by Mr Mario Borg and Mr Juergen Attard from the Gozo Regional Development Authority.
