

Managing Workforce Diversity

Friday 12th June 2026
18:00hrs – 20:00hrs

Dar Manresa – Victoria, Gozo

A seminar and dialogue organised by the Gozo Business Chamber, in collaboration with the CORE Platform, Caritas of the Diocese of Gozo, the Jesuit Refugee Service (Malta), EUROPE DIRECT Gozo, and Bank of Valletta

The growing presence of non-local workers in Gozo is creating new realities that are directly impacting the local economy, and the labour market. This seminar and dialogue, organized by the Gozo Business Chamber in collaboration with several other entities, aims to provide practical tools on how to effectively manage workforce diversity, while also providing room for dialogue and discussion between all the key entities who will be participating, and also representatives of non-local workers who will also be invited. The final objective is to create a situation where through awareness and dialogue, fairer and more sustainable relationships between employers and non-local workers are built. This is therefore an opportunity to hear about practical tools that can help employers better manage workforce diversity, while having room for dialogue with entities who deal with issues faced by non-local workers, and also non-local workers themselves. The proceedings of the event will be in English.

Participation is free of charge, but registration is required through the provided link or by sending an email to: info@gozobusinesschamber.org
